

WEBMASTER'S REPORT
Annual General meeting, November 21, 2015
Robert Ascroft

Visits to the V&D website this year (as of Nov.4) increased by 1143 over the same period last year to 5607.

The job of webmaster is made easy by the generous support of many people. I thank everyone who sent me winners photos, the event conveners who forward results, especially Jon Braun and Sam Siu for keeping me informed of event winners, and people who sent photos of events. Thanks to Sydney Hope and Sharon Cowie for BC Week and Monday League updates. Thanks also to George Cubiss for his monthly rules questions, Men's Monday League information and for keeping the umpire's pages current with Bowls Canada rulings. Thanks again to John Aveline for his Bowls Matters blog, a must read item, and for his support with the website. Thanks also to Mary Hargreaves and Laurie Fredrickson for junior happenings.

One of last year's goals was to increase accessibility to mobile phone users. This year, mobile visits accounted for 47% of the visits compared to 30% last year.

Below is a chart of the most popular pages from the site in the last 90 days.

Thanks to everyone who worked with me over the past two years. I appreciated the support and wish the incoming webmaster all the best.
